<sup>2</sup> CSI believes these courses meet the CE guidelines of these organizations. We advise that participants or their firms determine whether completion of the seminar, program or course qualifies for CE credits and what type of CE credits (technical/general or compliance/professional development) the seminar, program or course qualifies for.  
Note: Courses that lead to initial accreditation generally cannot be used for continuing education purposes for the achieved license or designation.

<sup>3</sup> We've submitted this course to the regulator for approval and are currently waiting for notification of course acceptance and confirmation of CE credits.

<sup>4</sup> Registered Representatives who take the WME to satisfy the 30 -month post licensing requirement of IROC may not use the same course to fulfill PD requirements of CE.

<sup>5</sup> These courses qualify for Voluntary Participation which extends the validity periods of the CSC and the CPH.

<sup>6</sup> This course is not eligible for CE credits for FPSC.
